the chapters in business law consist of three basic parts text cases and problems the text is written in a style designed for

business students and students in related disciplines the textual material is crafted to present both the richness of the law and the dynamic interaction between law and business to the extent possible the focus of the writing is directed toward introducing students of today to the legal issues they will face throughout their careers

law today is incomplete inaccessible unclear underdeveloped and often perplexing to those whom it affects in the legal singularity abdi aidid and benjamin alarie argue that the proliferation of artificial intelligence enabled technology and specifically the advent of legal prediction is on the verge of radically reconfiguring the law our institutions and our society for the better revealing the ways in which our legal institutions underperform and are expensive to administer the book highlights the negative social consequences associated with our legal status quo given the infirmities of the current state of the law and our legal institutions the silver lining is that there is ample room for improvement with concerted action technology can help us to ameliorate the problems of the law and improve our legal institutions inspired in part by the concept of the technological singularity the legal singularity presents a future state in which technology facilitates the functional completeness of law where the law is at once extraordinarily more complex in its specification than it is today and yet operationally the law is vastly more knowable fairer and clearer for its subjects aidid and alarie describe the changes that will culminate in the legal singularity and explore the implications for the law and its institutions

investigates investment banking industry practices and interlocking management arrangements between commercial banks and investment banking firms

bringing the book directly in line with the amended cim business law syllabus the book provides marketing students with a thorough working knowledge of the law on contract sale of goods agency as well as the legal mechanisms for resolving commercial disputes together with coverage of other selected topics which are of importance to marketeers and business in general

an introduction to business law which provides a clear and jargon free introduction to the subject its comprehensive coverage is well illustrated by cases diagrams specimen documents and questions

for one on two semester undergraduate and graduate business law courses this exceptionally comprehensive text which has been praised for its writing style and accessibility offering longer edited cases with more of the actual language of the court renderings has been updated and now features new chapters to address the many recent changes in bankruptcy laws there is also a new chapter on family law it includes numerous business oriented features that make the course relevant to future managers and integrates ethics and social responsibility international contemporary business issues and e commerce in every morsel of the text
