providing a fresh approach to thinking about the big questions around political economy culture and power this book offers a synthetic view of political economic and cultural explanations of how institutions organizations and groups operate cohere and influence each other as well as how power works within and across these networks the new political sociology rethinks the ways societies are built and function in two parts after delineating a theory of the bargaining process the first part undertakes a reconstruction of the state the inordinate influence of business the weakened position of labor the variable role of social movements and the active role of the media the second part delineates how exploitation and humiliation lead to social movements that reverse values and create new social forces and the author uses empire in global theory to delineate how globalization affects politics within the now multi nationstate both parts involve structures of power through class business and labor and status race gender and religion and each section discusses how new alternatives emerge for each bargaining group connecting sociology and sociological theory to issues of social and democratic movements this book shows how political economy and culture need each other as the opposite sides of the same coin the new political sociology redirects theoretical approaches of researchers in political sociology and provides teachers with a classroom resource on theories and practices in political sociology cultural sociology social movements and the media

this volume introduces a new style of politics the new political culture npc which began in many countries in the 1970s it defines new rules of the game for politics challenging two older traditions class politics and clientelism

a fascinating insight into the influence that politics has upon business practices and consumer behaviour and the development opportunities that this can provide the new political capitalism bridges the gap between the reality of the relationship between business and politics and the lack of familiarity of the business community even at the most senior levels with political thinking the book demonstrates how businesses that develop effective political antennae can enhance their performance in the emerging age of political capitalism it challenges the notion that business is or can ever be apolitical and argues that politics the visible reflection of social values and cultural trends shapes the environment in which business operates more and more people are becoming politicised in the sense that they have strong views about how our societies should function and the role that business must play socio political issues increasingly affect purchasing decisions with the marketplace becoming one way in which citizens express their political identity the rise of what some have called political consumerism markets themselves are politically constructed and investors increasingly focus on corporations political positions drawing upon extensive research and case studies this book weaves together socio political trends with business purpose strategy and operations from why businesses exist at all to the importance of diversity and what a company stands for both culturally and politically the new political capitalism dissects the new opportunities available for those businesses that can develop effective political antennae

between 1867 the year of the alaskan purchase and the beginning of world war i russian and american dignitaries diplomats businessmen writers tourists and entertainers crossed between the two countries in surprisingly great numbers concord and conflict provides the first comprehensive investigation of this highly transformational and fateful era in russian american relations excavating previously unmined russian and american archives norman saul illuminates these fifty significant and open years of association between the two countries he explores the flow and fluctuation of economic diplomatic social and cultural affairs the personal and professional conflicts and scandals and the evolution of each nation s perception of the other
