given the magnitude of the risks associated with commercial activities in the arctic arising as a result of the milder climate new business opportunities raise important questions of responsibility and liability this book analyses the issues of responsibility and liability connected with the exploitation of natural resources marine transport and other activities in the arctic applying a combined private and public law perspective on these issues it considers both the business and societal interests related to arctic development using greenland as an example the book focuses on problems that are specific to greenland and wider issues that affect all arctic states

this book outlines the methodology and results of the fiction and the cultural mediation of ageing project led by a research team from brunel university uk it investigates how older people resist stereotypical cultural representations of ageing and demonstrates the importance of narrative understanding to social agency

this book explains why participation processes have gained importance for the police and how they can be successfully designed in the future an integrated security structure will increasingly be required in which stakeholder groups and affected citizens play an important role in police hazard and risk assessment and thus in shaping their context related sense of security the book pursues a guiding and action oriented approach on how practical participation processes for citizens can be integrated into the planning and projects of the police theoretical foundations and practical application fields for the implementation of participation processes are identified involvement in cooperation discussions for discursive conflict resolution in advance of protest situations opinion formation through information and discursive exchange of arguments within the framework of municipal security and prevention work or issue related round tables in the area of independent citizen and police commissioners in a time of great uncertainty due to social change and complexity participation processes offer the opportunity to ease strained relationships between the police and civil society and to build a mutual trust relationship citizen participation cannot replace sovereign action but can enrich it with everyday and experiential knowledge in these turbulent times there is no better recipe for jointly shaping security and addressing problems the content practical assistance and better understanding of participation processes for police work advantages of citizen participation at a glance three practical application areas cooperation discussions in protest situations independent citizen and police commissioners and municipal security and prevention work

in the aftermath of the last financial crisis on both sides of the atlantic banking supervisors were given new supervisory and enforcement powers which are often of a substantially punitive criminal nature in europe in particular the establishment of the single supervisory mechanism within the european central bank substantially increased centralised investigatory and sanctioning powers this major innovation together with the development of forms of real time monitoring of banking often digital records challenges traditional banking criminal investigations in their national based and analogue dimension the book offers a comprehensive account and perspective analysis of the interactions between the criminal and

administrative nature of such new powers highlighting their punitive overall nature and their impact on fundamental rights covering both the us and the eu regulatory frameworks it presents unprecedented trans systemic research between criminal law and procedure and between regulatory and administrative law at the international european and national level the book also includes a rich and detailed selection of case law from the us and the european supreme courts with a specific focus on cjeu and ecthr decisions

in this book farid hafez reveals how europe s colonial past still shapes its present day relationship with muslim communities and islam by examining how the austro hungarian and german empires governed the muslim populations under colonization governing islam in austria and germany speaks to nazi era and modern muslim state administration and religious education in austria and germany using decolonial theory the book makes the compelling and timely argument that these strategies were less about religion and more about racialized control
