named one of church times s best christian books this volume provides a much needed english translation of the sixth edition of what is considered the fundamental text for fully understanding barthianism barth who remains a powerful influence on european and american theology argues that the modern christian preacher and theologian face the same basic problems that confronted paul assessing the whole protestant argument in relation to modern attitudes and problems he focuses on topics such as biblical exegesis the interrelationship between theology the church and religious experience the relevance of the truth of the bible to culture and what preachers should preach

this short commentary is the smaller and younger brother of the epistle to the romans of 1918 and 1921 it originated as the manuscript for a course of extra mural lectures held in basle during the winter of 1940 1 from the preface

first published in 1959 karl barth s a shorter commentary on romans originated as the manuscript for a course of extra mural lectures held in basle during the winter of 1940 41 during this time barth continued to resist the nazi regime and its influence on the reformed church as he did when he was in bonn this reissue of barth s a shorter commentary on romans links to the renewed interest today in a theological interpretation of scripture in response to the modern preoccupation with what lies behind the text the author s context and to a postmodern preoccupation with what lies in front of the text the reader s context both theologians and biblical scholars are asking the following questions what is the relationship between the biblical text interpreter and god can the bible be read both as an historical document and as a text that speaks to us today and if so how can it do so barth s commentarial practice as exemplified in a shorter commentary on romans answers these questions this book is presented in two parts first an introduction by maico michielin helping readers understand barth s theological exegetical approach to interpreting scripture and showing readers how to let scripture address theological and ethical concerns for today the main body of the book then follows the republication of the original english translation by d h van daalen of barth s a shorter commentary on romans

karl barth s 1922 the epistle to the romans is one of the most famous notorious and influential works in twentieth century theology and biblical studies it is also a famously and notoriously difficult and enigmatic work especially as its historical context becomes more and more foreign in this book kenneth oakes provides historical background to the writing of the epistle to the romans an introduction and analysis of its main themes and terms a running commentary on the text itself and suggestions for further readings from barth on some of the issues it raises the volume not only offers orientation and assistance for those reading the epistle to the romans for the first time it also deals with contemporary

problems in current barth scholarship regarding liberalism dialectics and analogy

first published in 1959 karl barth's a shorter commentary on romans originated as the manuscript for a course of extra mural lectures held in basle during the winter of 1940-41 during this time barth continued to resist the nazi regime and its influence on the reformed church as he did when he was in bonn this reissue of barth's a shorter commentary on romans links to the renewed interest today in a theological interpretation of scripture in response to the modern preoccupation with what lies behind the text the author's context and to a postmodern preoccupation with what lies in front of the text the reader's context both theologians and biblical scholars are asking the following questions what is the relationship between the biblical text interpreter and god can the bible be read both as an historical document and as a text that speaks to us today and if so how can it do so barth's commentarial practice as exemplified in a shorter commentary on romans answers these questions this book is presented in two parts first an introduction by maico michielin helping readers understand barth's theological exegetical approach to interpreting scripture and showing readers how to let scripture address theological and ethical concerns for today the main body of the book then follows the republication of the original english translation by d h van daalen of barth's a shorter commentary on romans

karl barth's commentary on paul's epistle to the romans in its two editions 1919 and 1922 is one of the most significant works published in christian theology in the 20th century this book which landed like a bombshell on the theologians playground still deserves close scrutiny one hundred years after its publication in this volume new testament scholars philosophers of religion and systematic theologians ponder the intricacies of barth's expressionistic commentary pointing out the ways in which barth interprets paul's epistle for his own day how this actualized interpretation of the apostle's message challenged the theology of barth's time and how some of the insights he articulated in 1919 and in 1922 have shaped christian theology up to our day with his commentary the young swiss pastor paved the way for a renewed intensely theological interpretation of the scriptures the volume thus centers on some of the key themes which run through barth's commentary faith as divine gift beyond any human experience or psychological data the easter event as the turning point of the world's history god's judgment and mercy and god's one word in jesus christ this volume represents a major contribution to the interpretation of karl barth's early thought

bryan approaches st paul's letter to the romans with a number of aims in view first he wants to show which literary type or genre would have been seen by paul's contemporaries as being exemplified in the letter he also attempts to

determine what we can surmise of paul s attitude and approach to the jewish bible the study involves discussion of and comparison with other literature from paul s time place and milieu including other writings attributed to paul

the yearbook of chinese theology is an international ecumenical and fully peer reviewed annual that covers chinese christianity in the areas of biblical studies church history systematic theology practical theology and comparative religions it offers genuine chinese theological research previously unavailable in english by top scholars in the study of christianity in china the 2016 volume highlights the five sub disciplines of theology wang wei fan s evangelical theology and christian ecumenism and its internal contradiction is studied from a systematic theological viewpoint additionally a theology of soul and body is proposed as an approach of sinicization of christianity civil christian and political identity are also studied in the relation to the sinicization of christianity in china the belief logic and social actions of the kingdom got sect and the origin of a new treatise on aids to administration have been explored from the historical perspective the meditations of the three self church by k h ting from a socio religious perspective and the missionaries resolution of the term question in the chinese recorder have been studied in their relations to the bible there are comparative studies on the unreconciled religious diversity in the dialogue of civilizations and the different views about truth in christianity and confucianism the academic report analyzes the eventful year of 2010 in the catholic church in china this volume offers genuine chinese theological research which was previously unavailable in english by top scholars in the study of christianity in china contributors include juhong ai jianming chen and tao xiao xiaojuan cheng xiangping li gong liang jianbo huang paulos huang meixiu wang philip l wickeri kevin xiyi yao jie zhao weichi zhou

scott c ryan investigates divine conflict motifs in select jewish literature and places the findings in dialogue with paul s letter to the romans paul emerges as a writer who participates in jewish divine conflict traditions even as he modifies the motifs in light of the christ event back cover
